To remedy this aimlessness and

cation leaves our youth, we need more craft schools, where boys can become practical engineers, chemists, printers, machinists, and even tarmers. The machinist would be none the worse if should spend his evening over Euclid instead of lager, the blacksmith, if he knew how to clinch an argument in metaphysics as skillfully as a horse extract hidden Greek roots with the of human beings are taught week punished by fine or imprisonments same facility as grumbling molars. ly the lessons of religious experience This will be a viry great convenience

and are made familiar to the worshipers of Bramah and of Buddha: Since Luther no other man has exercised so wide, so benign an influence upon his race. Nor is it unjust to assert that but for his English successor the reformation of the German teacher would have lost much of its effective. ness, and might have sunk into an empty formalism, at least in England, amidst the corrupting alliance of church and state. It was the aim of Wesley to withdraw religiou from the control of the great and powerful, of statesmen or bishons, to make it the light and solace of the workshop and cottage, the almshouse and the jail; to diffuse its sacred teachings among the people, and preach, with saintly earnestness, the Gospel of the poor. As contrasted with all other successful teachers of a faith, whether true or talse, it is a striking trait of Wesley's triumph that he was never aided by

the civil power; that his disciples have never wielded the sword of persecution or gained any victories but those of peace. History, indeed has no record eighteenth century were sure to result, of any other great religious movement. sooner or later, in republican organisms except the founding of Christianity, rulers had new views, which resulted The forms of government incarnate the that was not perfected in violence, and in measures well calculated to compel life of a planet. Who does not remember the time when spring purgation was considered indispen-sable to summer health? No matter for istered. 'These "Spring medicines," the youngsters were told, were to keep them ale and hearty during the summer. We know now this a fallacy; that new yigor not depletion, is what is required at the ommencement of the summer solstice. As preparation for the enervating effects of oppressive summer weather, a course of Hostetter's Stomach Bitters is highly expedient. This fam ous vegetable preparation has three prominent properties: It renovates purifies and regulates all the functions of the body. It is composed exclusively of oure vegetable productions, viz: the essenial principle of Monongahela Rye, and the most efficacious tonic and alterative roots barks, and gums known to medical botansts. Hence, it is an absolutely safe medicine, and no tincture or the Pharmacopæia an compare with it either in purity, or ir To William Beck, whose place of residence: the variety of its objects, and its compre-hensive results.
